# Novelties

MARIGOLD AFRICAN LITTLE GIANTS MIXED

## BUDDLEIA CHARMING

A splendid introduction that should prove valuable as a cut flower. The color is very close to pure pink and the flower spikes are unusually large.

\$4.00 per doz., \$30.00 per 100

## CHRYSANTHEMUM TOUCHDOWN

A vigorous pompon type with 1½-2 in. globular pure white flowers arranged loosely along the stem. Matures late October and early November. Considered by experts to be the best of its class for its maturing date and recommended as excellent for shading.

The uniform development and graceful arrangement of the flowers make this an outstanding sort. It received much favorable comment from both store men and growers at the Florist's Convention held at Rutgers University.

R. C. \$6.00 per 100; \$50.00 per 1000

## VIOLA BEAUTY OF LARONE

Immense flowers often 4 inches across in Spring, early and continuous flowering, hardiness and an attractive violet blue color make this a worthwhile addition to our list.

\$2.50 per doz.; \$20.00 per 100

## HELIOPSIS INCOMPARABILIS

A European introduction that gives promise of being a worthwhile cut flower. Blooms during June, July and August when good cut flowers are scarce. The large deep yellow blooms are semi-double showing an attractive center and are produced on good stems to cut.

\$3.50 per doz., \$25.00 per 100

The number of novelties each season is bewildering and to select the items of interest to the florist grower is a difficult task. We are sure we have included below most of those of major importance and any others that prove worthwhile will be added to our list.

PETUNIA DAZZLER

## BEGONIA WESTPORT BEAUTY

The new double flowered pink that has created such a sensation wherever shown. The tender soft green foliage shows off the flowers to advantage. No restrictions.

All orders filled in rotation.

2½ in. \$20.00 per 100; \$175.00 per 1000

(Note: As this is being sold without restrictions and at a very reasonable price, the introducers will accept no orders for less than 50 plants.)

CUPHEA FIREFLY

## GERANIUM SALMON BEAUTY

A brilliant orange salmon sport of Poitevine. Vigorous and free in growth and constantly in bloom. Experts consider it a worthwhile addition.

R.C. \$6.00 per 100; \$60.00 per 1000  
2 $\frac{1}{4}$  in. \$15.00 per 100; \$135.00 per 1000

## CUPHEA FIREFLY

This answers a need for a dwarf compact neat showy plant for modern gardens. The small fiery cerise red flowers are freely produced on compact plants which reach a height of about 10 inches. Flowers in twelve to fourteen weeks from seed.

Tr. Pkt. \$ .50,  $\frac{1}{8}$  Oz. \$1.25

## PAPAVER NUDICAULE IMPERIAL JEWELS MIXTURE

Beautifully frilled and fluted single and semi-double flowers 4-5 inches in diameter on 20-24 inches stems make these really worthwhile as a cut flower. The color range is almost limitless. So far ahead of other mixtures that no florist can afford not to grow this strain.

Tr. Pkt. \$ .50,  $\frac{1}{4}$  Oz. \$1.25

## RUDBECKIA HIRTA HYBRIDS

Hardy, annual, easily grown, long lasting cut flowers. Plants grow about 2 feet high with large single blooms in shades of mahogany, bronze and yellow.

Tr. Pkt. \$ .25, 1 Oz. \$1.50

## BALSAM DOUBLE BUSH FLOWERED TORCH

Not really new but so little known they may be classed as a novelty. The plants grow 8 to 10 inches high, very compact and are literally covered with double flowers. The variety Torch is the showiest and recommended for edgings and pots.

Tr. Pkt. \$ .50, 1 Oz. \$3.50

Many perennial plants are excellent for cut flowers

## SNAPDRAGON, F. D. ROOSEVELT (Rust Resistant)

This variety is of the majus grandiflorum type and is one of the best for summer cut flowers. The color is a clear sparkling pink similar to Cheviot Maid Supreme. Tr. Pkt. \$ .25, 1 Oz. \$2.00

## ZINNIA LINEARIS

This brilliant gem is one of the best of the newer novelties for edgings, borders or pots. Starts to flower when only about 6 inches high and reaches an ultimate height of only about 10 inches with a spread of two feet. The single golden orange flowers cover the plants the entire summer. Tr. Pkt. \$ .35, 1 Oz. \$2.00

## RUSSELL LUPINES MIXED

A new strain of the perennial Lupinus Polyphyllus that has been creating a sensation in Europe during the past few seasons. The long closely furnished spikes flower in a great variety of colors, intense oranges, reds, crimson, deep pure yellow, pinks, blues, and many attractive bicolor combinations. Awarded Gold Medal R. H. S. 1937.

Pkts. Approximately 120 Seeds \$1.25

## SILENE PENDULA COMPACTA FL. PLENO

**Dwarf Special Mixture.** These attractive compact annuals grow only 4-6 inches high and form large round cushions thickly studded with well doubled flowers in all shades of white, pink and crimson, flowering over a long period.

Tr. Pkt. \$ .50, 1 Oz. \$1.50

## BEGONIA BONFIRE

Grows approximately one foot in height with lustrous carmine scarlet blooms and metallic brown foliage. A striking sort.

Tr. Pkt. \$1.00

PAPAVER NUDICAULE IMPERIAL JEWELS MIXTURE

**PETUNIA SALMON SUPREME, Award of Merit A.A.S.**

A color long wanted in Petunias. Two inch rich coral salmon flowers shading to glistening soft salmon pink. Dwarf compact branching growth approximately 12 inches high and unusually floriferous.

Special Pkt. \$ .50

BALSAM DOUBLE BUSH FLOWERED TORCH

**PETUNIA DWARF FRINGED ALL DOUBLE GAIETY, Special Mention A.A.S.**

Attractive carmine and rose pink flowers edged with white.

Tr. Pkt. \$2.00, 3 Pkts. \$5.00

See page 13 for list of other All Double Varieties.

**PETUNIA BLUE GEM, Recommended A.A.S.**

This is a violet blue with a perfect dwarf compact ball shaped growth. A considerable improvement over Blue Bird.

Tr. Pkt. \$2.00, 1 Oz. \$7.50

**PETUNIA MINIATURE ROYAL GEM**

Forms ball shaped plants about 6 inches high. Flowers are about 2 inches across and of a rich rosy crimson carmine with a white throat. Special Pkt. \$ .40 ea.

**PETUNIA DAZZLER**

A Nana Erecta type with the same compact habit of Celestial Rose but a much brighter color. The same shade as dwarf Pink Glory.

Tr. Pkt. \$.50 ea., 1/4 Oz. \$1.50

**PRIMULA OBCONICA, Violet Blue**

An introduction of last season that has impressed us with its intense violet blue color. The growth and flowering qualities are all that may be desired in this type of plant and the flowers are of good size with slightly frilled edges.

Originator's Pkts. \$1.00

**PRIMULA DOUBLE DAZZLER**

A double form of the popular single variety which was introduced recently. The doubling of the petals intensifies the colors and adds to the beauty of the plants.

Originator's Pkts. \$1.50

**NIEREMBERGIA HIPPOMANICA**

An ideal border and bedding plant growing only a few inches high and covered throughout the summer with little cupshaped flowers of lavender blue. Thrives in a dry soil and is perennial if well protected.

Tr. Pkt. \$ .50, 1/32 Oz. \$2.00

**MARIGOLD AFRICAN LITTLE GIANTS MIXED**

Will average only a height of 15 inches and yet produce a head of twenty to thirty double four inch blooms. The color ranges from yellow to a very bright orange. A certain percentage of taller plants are easily detected by the light colored foliage, Little Giants being a deep bluish green.

Tr. Pkt. \$ .50, 1/4 Oz. \$1.25, 1 Oz. \$4.00

**COSMOS SENSATION CRIMSON**

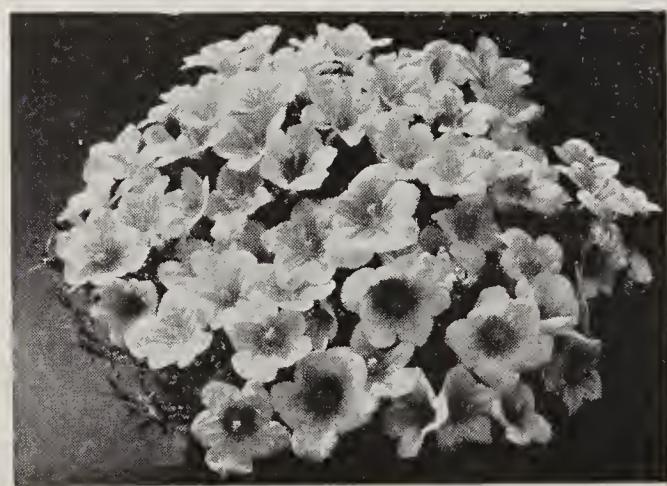

Colossal flowered crimson similar to the other early flowering Sensation types but in a color not heretofore available.

Tr. Pkt. \$1.00

**DELPHINIUM**

**Giant Pacific Hybrids.** The celebrated Vetterle and Reinelt strain that has caused so much comment. The percentage of doubles is surprisingly high and the color range is mostly in strong blues.

NIEREMBERGIA HIPPOMANICA

**DIENER'S NEW GIANT DOUBLE EVERBLOOMING SHASTA DAISY, G. MARCONI**

The originator claims this to be the most highly perfected Shasta Daisy in size, shape and growth, of all he has ever raised. It gives every indication of making an excellent item to grow in a cold house.

Packet—25 seeds \$ .50; 6 pkts. \$2.50

**SALVIA**

**Blaze of Fire.** The earliest and most dwarf of all Scarlet Sage. Rarely reaches a height of over 10 inches and flowers in a short time from seed. Tr. Pkt. \$1.00

# Annual Garden and Greenhouse Flower Seeds for the Florist

Gratifying have been the reports on the various seeds we supplied during the past year. The confidence our friends have placed in us and the increase in volume of this department, have been most encouraging. It has been, and shall continue to be, our aim to provide you with the best strains we can obtain.

Write us if you do not find listed what you need and the chances are we can supply it promptly.

## SNAPS for GREENHOUSE FORCING

### NEW WINTER FLOWERING SNAPDRAGON

We offer six new varieties of Snapdragon for winter flowering. Most of these we have had an opportunity to observe, and we think they are well worth a trial. Why not try several or all of them? You may find a real profit maker among them, and it helps your returns if you can offer something unusual.

**Westover White Fringed.** Introduced last year in a limited way, this new sort has created a sensation. The flower has an ethereal arresting quality, and the color is a clear pure white. The plant is of strong, sturdy growth, of medium height, and produces freely.

Tr. Pkt. \$2.50. Three for \$6.50

**Bezdek's White Wonder.** Splendid pure white with long flowering spikes on strong wiry stems. An early and continuous winter bloomer that will not shatter. \$2.00

## SNAPDRAGON—Continued

**Bronze Queen.** A seedling that has impressed us very favorably. The color is an attractive bronze several shades lighter than Afterglow, and it has all of the good qualities of its seed parent, Rose Queen. The tip will not snap out, and we recommend it to take the place of Afterglow. Well thought-of by all who tried it last season. **\$2.00**

**Embers.** Our introduction of last season that has been universally liked. The glowing carmine color is especially striking under artificial light, yet it blends well with practically all flower colors. A profitable variety planted in a limited way to fill out the color selection. **\$2.00**

**Peggy Schumann.** Soft pink flowers on a large close flowering spike on sturdy stems. Will not shatter, and the introducer believes it will become a standard variety along with his other introduction Lucky Strike. **\$2.00**

**Schrock's Orchid.** A new introduction that should prove desirable. The flowers are an attractive shade of silver lilac with a hint of pink. They are carried on strong stiff stems and are excellent shippers. The fragrance is particularly notable. **\$2.00**

Captor	Marion	Royal Gold
Daybreak	Northern Light	Sonny

Originator's packets any of the above **\$2.00** each, any three \$2.00 packets for **\$5.00**.

Cheviot Maid Supreme	Radiance
Coates Yellow Perfection	Rose Queen
Jennie Schneider	Sun Tan
Kirkwood Beauty	White Cheviot Maid

Originator's strains, any of the above standard varieties, at straight **\$1.00** each packet. Many of our growers prefer originator's seed as it is always more true to type. We can also supply above mentioned varieties, not originator's seed, at **\$1.00** per packet, any three for **\$2.50**, any five for **\$3.50**.  $\frac{1}{2}$  Pkts. at **\$0.60** each. We cannot guarantee this seed for trueness to type and recommend originator's strains.

**SCHATZI KUPFER.** Peach blossom deepening to apricot. Make no seed. We offer direct from originator. R.C. **\$8.00** per 100.  $2\frac{1}{4}$  in. pots **\$10.00** per 1000.

## Rust Resistant Garden Snapdragon

A wide color range is covered by this new development in Snapdragon and we list only rust resistant sorts because they have been so uniformly satisfactory.

**MAJUS GRANDIFLORUM (Half Tall Type). (Rust resistant.)** An excellent type for garden or outdoor use.

**Don's DeLuxe Cut Flower Strain.** A really remarkable development. Plants grow 3 to 3½ ft. high and produce large heavily textured flowers on 8 to 12 in. stems. Makes a splendid and unique pot plant. Supply of seed limited. (Order early) 3 Pkts. \$5.00 \$2.00

**Harrold's Cut Flower Strain.** Another strain definitely bred for cut flower purposes. Good sized flowers on long stems.

3 Pkts. \$4.00 1.50

**GARDEN STATE GIANTS.** Almost a lifetime of enthusiastic work is represented in this strain. Over many years, in the heart of New Jersey, the originator has been working patiently to obtain a strain that would meet with his high standards. Immense flowers of great substance, a wide range of splendid colors, compact, sturdy plants, early and continuous flowering and a remarkable resistance to summer's heat make these "Pansies that sell when others go begging." Several of our customers report excellent results for late winter flowering in the greenhouse. Tr. Pkt. \$0.50;  $\frac{1}{8}$  Oz. \$1.25;  $\frac{1}{4}$  Oz. \$2.25; Oz. \$8.00; 4 Oz. \$28.00.

## Forcing Stocks

Our forcing stocks have been highly commended this past season. Silver Lilac continues to be the most popular color, but returns have averaged higher on the white Santa Maria than all other colors. Our introductions of the last season have been generally approved, and we believe that Rose Carmine and Violet will become standard sorts among the column type.

Seeds are living organisms, controlled by factors often imperfectly understood by anyone. Generally speaking, if a proper medium is used in the seed flats and proper moisture and temperature are maintained, satisfactory germination should result. Every lot and variety is tested shortly before the season for its use. We do not use any seeds that do not show a satisfactory germination.

Poor germination may often be traced to a tight, heavy soil in the seed flat, improper watering, drying out at a

critical time, injury by insects or soil borne harmful bacteria or fungi. We offer on pages 46-47 a number of insect and disease remedies. Soil disinfection is a recognized practice among leading growers.

You will help us serve you better if you will let us know of any difficulties you may have with the seed we furnish you and you will find us always ready to co-operate with you for better success.

**TOMATO**

Wherever possible we offer certified seed. This means that the seed plants, from which this was collected, were checked and certified by a government official as being true to type and strain. They are worth the slight difference in cost.

Where quality results are not necessary we can supply good seed of high germination at much lower prices and will be glad to quote you.

## Lawn Grass Seed

Good seeds are cheap at any price and nowhere does this hold good as much as with grass seeds. The various mixtures we offer have been proven over a long period of years. Price differences are largely due to the various types and species used in compounding the mixtures and each will be found to be of highest germinating power and free of weed seeds.

**SUPERFINE EVERGREEN MIXTURE:**

This is indeed a superfine lawn mixture including mixed Bents and White Clover. The fine grasses included in this mixture germinate and develop slowly but produce a beautiful permanent lawn when conditions are favorable.

\$0.60 lb.; 5 lb., \$2.50; \$8.00 per 20 lb.; \$35.00 per 100 lb.; \$325.00 per 1000 lb.

**SUPERIOR LAWN SEED MIXTURE:**

The result of skillful blending of various fine leaved grass seeds, including White Clover, producing a lawn of excellent quality and beauty enduring all season.

Peck, \$2.25; Bu. (20 lb.), \$8.00; 100 lb., \$30.00; 1000 lb., \$275.00.

**SPLENDOR LAWN:**

A moderately priced mixture containing White Clover that is capable of producing a satisfactory sod in a short time.

Peck, \$1.50; Bu. (20 lb.), \$5.50; 100 lb., \$21.00; 1000 lb., \$195.00.

**SEASHORE FORMULA:**

Composed of grasses that will thrive under adverse conditions, such as sand low in fertility and moisture, and intense heat.

Peck, \$2.25; Bu. (20 lb.), \$8.00; 100 lb., \$30.00; 1000 lb., \$285.00.

**SHADY LAWN:**

Blended of species that have been proven by test to best survive shaded and adverse conditions. This mixture is capable of producing a fine close knit turf under trees, in areaways, etc., where little sunlight is able to get through.

Peck, \$2.50; Bu. (20 lb.), \$8.50; 100 lb., \$33.00; 1000 lb., \$320.00.

**LANDSCAPE:**

A thoroughly recleaned, weed free mixture, excellent for a quick sod.

Bu. (20 lb.), \$4.00; 100 lb., \$17.00; 1000 lb., \$160.00.

**WHITE DUTCH CLOVER:**

Finest recleaned. Used in many of the above mixtures. Forms a thick mat of dwarf evergreen foliage.

\$0.40 lb.; 10 lb., \$3.75; 25 lb., \$9.00; 100 lb., \$35.00.

All the above grass seeds are offered F.O.B. New Brunswick.

We shall be pleased to quote on field seeds such as Soy Beans, Buckwheat, Oats, Timothy, Pasture Grass, etc.

NOTE—We do not furnish less than Trade Packets. Fractions of ounces are supplied as under.

Please Note—Size of Trade Packets is figured on basis of price per ounce.

All flower seeds are sent postpaid; 5% may be deducted for cash with seed orders.

We have listed only varieties that are most popular and conceded to be the best. We are prepared to obtain for you any seeds of varieties not listed.

TEICHER'S PRIMULA VERIS ACAULIS

## Roses

We recommend planting dormant roses in the Fall and very early Spring. Experience has shown that results with dormant plants are very uncertain after April 1st, and for that reason we offer potted roses only in our Spring list. Prices on this type of material are naturally higher but results are so superior, there is no question of value because the element of loss and complaint is practically eliminated.

### Important

**PATENTED PLANTS**—All patented plants offered in this catalog are sold by us under License from the Patent owners, and it is understood and agreed to by the purchaser that they are for resale at retail only. The asexual reproduction of patented plants is reserved by the Patentees and is strictly prohibited under provisions of the Plant Patent Act.

Purchasers of Patented and Nationally advertised roses shall not list or sell them at less than the established price for the current season, and not less than three of a kind at the dozen rate. Nor include them in any collection offers, except in connection with other patented roses. Neither shall they be featured in any manner or form as a premium. Failure to comply with this policy will result in discontinuance of the supply.

### Recent Introductions

#### THE NEW DAWN—Plant Patent No. 1

Awarded the Bloomfield Medal in 1935 by the American Rose Society as being the best new climbing rose.

The first truly hardy climbing rose that will give a continuous bloom from early summer until stopped by frost. The dark green foliage is ornamental at all times and practically immune to insects and disease. The good sized blooms are of exquisite form, delicate blush pink in color and are excellent for a cut flower because of their long stems and intense fragrance.

Sales have steadily increased each season since the introduction of THE NEW DAWN and it is a profitable and satisfactory item to handle.

#### BLAZE—Plant Patent No. 10

Retail: \$1.00 each, \$10.00 per dozen

Combines the vigor, beauty and hardiness of Paul's Scarlet Climber with the everblooming qualities of a favorite Hybrid Tea Rose. Clusters of good-sized double bright scarlet flowers are produced all Summer, after the plant becomes well established.

Wholesale: Dormant, 1 to 10, \$0.60 each; 20 or more, \$0.50 each  
Potted 1 to 10, \$0.75 each; 20 or more, \$0.65 each

#### DOUBLOONS

(Patent Applied For)

Retail: \$1.50 each, \$15.00 per dozen

A vigorous climber with handsome glossy foliage. Extremely hardy and covered with clusters of large, fragrant golden blooms. Gives two crops, six weeks apart, if first blooms are not cut.

Wholesale: Potted or Dormant \$1.00 each, \$10.00 per dozen

#### ELEGANCE—Patent Applied For.

Retail: \$1.50 each, \$15.00 per dozen

A very vigorous climbing rose with clean, healthy foliage. The rounded flowers are very large, fully double with recurled petals. The color is a rich soft yellow shading to cream on the petal edges as the flower opens. Blooms over a long period in June and we consider this one of the finest yellow climbing roses we have ever seen.

Wholesale:

### A SELECTED LIST OF THE CHOICER SORTS

**Birdie Blye.** Small double carmine pink scented blooms produced all summer.

**Cibg. American Beauty.** Large carmine pink.

**Emily Gray.** Rich yellow, requires protection.

**Jacotte.** Large fragrant blooms of rich coppery salmon.

**Mary Wallace.** Vigorous large flowered soft pink.

**Paul's Scarlet Clbr.** Probably the most popular climber.

**Primrose.** Hardy canary yellow.

**Scorcher.** Bright crimson semi-double flowers produced throughout the summer.

**Silver Moon.** Fine pure white.

**Stachelin.** Large double pale pink.

### NOTE

The patented roses in this list are sold for resale at retail only unless special license to rewholesale has been granted by the patent holders.

Packaged roses during the past few years have been extensively sold in many places. They are reasonably satisfactory for the purpose for which they were intended but cannot really compare in value to a fresh dug dormant rose or one growing with its roots in soil. This latter type of rose costs slightly more but discriminating buyers are learning that they are the cheapest in the long run.

Aster Frikarti and A. Luteus are both good cut flower items

PAUL'S SCARLET CLIMBER ROSE

Visiting the average garden, one is often impressed that the use of hardy vines has been very much neglected. Vines carry the green and color of the garden and tie up with the trees, house and sky line. Unsightly objects are quickly and pleasingly screened by the use of a vine.

When considering climbing plants, do not overlook the use of the climbing roses. Many are attractive for their glossy foliage and with the everblooming climber, **THE NEW DAWN**, flowers will add to the beauty all summer. Blaze, Golden Dream, Birdie Blye, are also sorts that will give midsummer and Fall bloom.

The use of annual vines is also an item that can be made to yield a profit. The Moonvine with its large white blossoms, Ipomea, Heavenly Blue and Nasturtiums are but a few of the more popular items that are easily grown in pots for Spring sales and bring a good price for the work involved.

Perennial seeds are listed on pages 21-24

# Hardy Perennials and Rock Plants

Interest in hardy perennials is constantly increasing. Garden magazines and Garden Clubs are spreading the knowledge of the choicer items. The reasonable price at which most plants are sold is also a big factor in creating a demand that means profit to you.

Many items are valuable cut flowers and they usually bloom at a time when greenhouse material is scarce. A planting of cut flower items will repay many times its original cost, with the natural increase available for resale.

## THE NEW DAWN

Plant Pat. No. 1

### Hardy Reblooming Climbing Rose

A rose that is constantly increasing in popularity as its good qualities become known. A vigorous climber, it really blooms from mid-June until stopped by frost. The leathery dark green glossy foliage is disease resistant and practically insect proof.

Where a climbing plant of merit is required we would suggest you recommend The New Dawn.

The Bloomfield Gold Medal awarded to The New Dawn by the American Rose Society as the best new hardy climbing rose. This was the first time this medal was awarded.
